

Print Tracker Announces Strategic Partnership with Tangent MTW Incorporated

Dateline – Boise, Idaho, USA and Ontario, Canada

Print Tracker is proud to announce that information gathered by Print Tracker Pro can be integrated into Tangent MTW Inc.'s MPS Toolbox.

"MPS Toolbox helps office imaging dealerships manage customer accounts more efficiently and profitably, all while maximizing investments already made in current program systems and infrastructures," said Chief Engineer and President Lance Hale. "We are pleased that our clients can now take advantage of this powerful and useful utility."

"There is an abundance of untapped revenue that dealers can access within their existing account base," stated Norman McConkey, Principal of Tangent MTW Incorporated and creator

of MPS Toolbox. "With the data collected by Print Tracker software, comprehensive reports can be created in minutes with MPS Toolbox for ready-to-review customer proposals."

Designed for office imaging dealerships to increase profits and revenue, MPS Toolbox is a unique solution for the market as it is architected to leverage existing MPS program investments and infrastructure. MPS Toolbox allows dealerships to combine critical device-related information from their remote monitoring and ERP systems, to quickly deliver comprehensive assessments, fleet optimization, profit identification, proposal generation, supplies vendor analysis and other comprehensive reports for dealer sales reps and their customer accounts.
